

Chromebook User Policy and Protection Plan

A district owned Chromebook is provided to every student in grades 6 - 12. Students, with the support from their parents/guardians, are expected to care for their Chromebook to minimize damage, lost, and theft. Students are expected to bring their Chromebooks home each day to use for course work and to charge the device. Each day students are expected to bring their Chromebook to school fully charged.

Parents/Guardians are responsible for any repair or replacement costs in the same way they would be responsible for any other damaged or lost school property, such as textbooks. The current replacement cost of a Chromebook is \$330. Families have the option to purchase the district's Chromebook Protection Plan to offset cost due to damage, loss, or theft. The cost to enroll in the district's protection plan for a two year term is a one time \$10 non-refundable fee. The plan will offset the cost of the repair or replacement of a Chromebook due to accidental damage, loss, or theft. The Chromebook Protection Plan does not cover damage or loss due to dishonest or deliberate acts determined by a school administrator investigation.
