

PHOTO RELEASE FORM

Digital photography is used in the classroom to capture kids in action! Capturing a giant Lego creation or a team building experience is what UPK is all about!

- Some of these pictures may be used in local educational presentations or on the Canandaigua City School District website to highlight the UPK program.
- In June, we will create and distribute a slide show recapping the excitement of the year. Each UPK family will receive a copy highlighting their child's class.

We understand your desire as parents/caregivers to capture these same great moments. When taking pictures we ask for you to respect the privacy of others.

- AUDIO and VISUAL recordings will NOT be allowed to take place in the UPK classrooms.
- STILL SHOTS of YOUR child may be taken. However, any picture which includes other children (even in the background) may NOT be used in the social media, including Facebook. This is VERY IMPORTANT to maintain the safety and confidentiality of ALL students.

____ I **give permission** for pictures to be taken within the school setting for the purposes of educational publications and the UPK Slide Show.

____ I **do NOT give permission** for pictures of my child to be taken within the school setting.

____ I **understand and will adhere to the guidelines** requesting the use of technology and photography within the classroom setting.
